Application No.: 10/568,147 Submission under 37 C.F.R. §1.114

Art Unit: 1793 Attorney Docket No.: 062110

**REMARKS** 

Claims 1-7 are currently pending. Claim 1 has been amended.

I. The Restriction Requirement

The Examiner states that claims 6 and 7 are directed to a method of making a polishing

slurry (Group II) and the originally elected invention is directed to a polishing slurry composition

(Group I). The Examiner also states that Applicants have constructively elected Group I by

original presentation.

Applicants respectfully traverse the Examiner's restriction requirement. The instant

application is a National Stage Application of a PCT filed under 35 U.S.C. § 371. Therefore, the

"unity of invention" standard must be used for the restriction requirement.

I. The Rejection under 35 U.S.C. 112

Claim 1 has been amended for clarity. As to claims 1-5, Applicants respectfully submit

that the term "film type filter" is known in the art.

Applicants respectfully submit that the present claims are clear and definite as written and

that they particularly point out and distinctly claim the subject matter which Applicants regard as

the invention. Applicants request that the rejection under 35 U.S.C. §112, second paragraph, be

reconsidered and withdrawn.

## II. The Art Rejections

Claims 1-3 and 5 are rejected under 35 U.S.C. 102(b) as allegedly being anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Pasqualoni et al. (671).

Claim 4 is rejected under 35 U.S.C. 103(a) as allegedly being obvious over Pasqualoni et al. (671).

Claims 1-5 are rejected under 35 U.S.C. 102(a) as allegedly being anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Uchino et al. (206).

Claims 1-2 and 5 are rejected under 35 U.S.C. 102(b) as allegedly being anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Kido et al. (836).

Claims 3 and 4 are rejected under 35 U.S.C. 103(a) as allegedly being obvious over Kido et al. (836).

Claims 1-2, 4 and 5 are rejected under 35 U.S.C. 102(b) as allegedly being anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Yoshida et al. (118).

Claim 3 is rejected under 35 U.S.C. 103(a) as allegedly being obvious over Yoshida et al. (118).

These rejections are substantially the same as the rejections set forth in the Office Action date January 15, 2008. Applicants respectfully traverse the instant rejections for the same reasons as set forth in the Amendment dated May 15, 2008, which is hereby incorporated by reference.

For the above reasons, it is respectfully submitted that the subject matter of claims 1-7 is neither taught by nor made obvious from the disclosures of Pasqualoni et al. (671), Uchino et al.

(206), or Kido et al. (836) and it is requested that the rejections under 35 U.S.C. §§102 and 103

be reconsidered and withdrawn.

III. Conclusion

In view of the above, Applicants respectfully submit that their claimed invention is

allowable and ask that the rejection under 35 U.S.C. §112 and the rejections under 35 U.S.C.

§§102 and 103 be reconsidered and withdrawn. Applicants respectfully submit that this case is

in condition for allowance and allowance is respectfully solicited.

If any points remain at issue which the Examiner feels may be best resolved through a

personal or telephone interview, the Examiner is kindly requested to contact the undersigned at

the local exchange number listed below.

If this paper is not timely filed, Applicants respectfully petition for an appropriate

extension of time. The fees for such an extension or any other fees that may be due with respect

to this paper may be charged to Deposit Account No. 50-2866.

Respectfully submitted,
